

# CHI CHI POTTER

*Letterhead on Paper*

New gallery/shop exhibits and sells original artwork from professional graphic designers, photographers, artists, illustrators and designers.

Chi Chi Potter is a gallery/shop with the best of the best: limited editions of drawings, collages, sculptures, magazines, books, jewelry and music, in addition to varying exhibitions of both Danish and international artists.

The three founders, Jonas Arnby, Sanne Frank & Elizabeth Heltoft have specifically selected a range of professional creatives and challenged them to explore work at the boundaries of their professional context. The results will be exhibited in the shop.

In contrast to traditional galleries the artwork is available over the counter for immediate purchase at reasonable prices.

Chi Chi Potter is launched with a group show with Louise Enhörning, Anna Gulmann, Vibe Harsløf, Jenny Mörtzell, Casper Sejersen, Lisa Linnéa Smith, Jacob Wildtschiødtz, Stine Maria Aalykke, and others. The shelves will be stocked with books ranging from art books to fiction such as Emil Salto, Adam Saks, Cathrine Raben Davidsen and Aben Maler, accessories by Muggie Moscow and selected music.
